And Will be Sent to Disturbed District

NIW YORK, March 25. An Havana cable says. General Salico salled hist night for Purito del Paire, on the North east coast of the Island, in command of the troops, which arrived from Spain, Monday. The troops which have arrived since Monday will be sent soon to the disturbed district. The General believes all available troops should be immediately put into the field, and that the camping against the ribits should be prosecuted with vigor in order to crush the movement before it gains strength through seeming apathy of the authorities. The rainy season will set in shortly and he thinks a decisive blow should be struck before the country becomes impassable. The Governor General has approved of his plan of campaign.

TUG BOAT LOST

Feared that all on Board Were Lost.

New York, March 28. The tug boat Mury A. Packer, of the Lehigh Valley, Railroad, sank off Red Hook at 10 30 this morning, and it is thought that all on board were los. The government boat Nimrod which was cruising in the neighborhood half an hour before the tug went down, went up alongside. The Packard's decks were then awash, the doors of the cabins were open, and nebody was on board, but allongside the tug was an overturned boat smashed, and some hats were floating about on the water. There was a big sen on and it is believed that the crew made an attempt to land with their boat which was driven against the side of the tug and oversturned, all hands being drowned.

The crew of the tug boat Mary H. Packer are asfe. The captain and erew were taken off and landed at Hoboken by a tug boat.

Secretary Carl le has Ind hinself litale to the following ingresor manufactor of the jurrant in live it. New York latter last Siturday The law Revey strict and a sin I r veittier few years agi raised that trumps lass as ten tended that the tagg g of the Secre tary s sin was removed before name tion by the custom he e officers. The officials ar ut the treasury department are inclued to treat if matter light of but the fact remains that the Secretary pie estatiep, a bicegit whep t I llowed might fill the country with postilierce It is no flore r guiled so great that a year of procedured the provided is purished in Mr. Carlisle regards this as so the a linkfir to use the irds of o cithia askatils that te refuses ever to talk about it. The country in this case will have an epportunity see whether there is our law for the towerful Secretary and a liter law for the parn an without a paltical quit

The Admir stration has adopted method of escaping criticism which though not new was rever before prac-Led by any official department of the United States As the facts are against the Adm platrat on it is attempting to conceal them. The latest example of the suppression of intertant nferma tion which has slways heretofore been given the widest publicity is the refusal it furn sh the official figures of imports and exports by the bureau of stutistics. The reason given for such refusal is that it has suddenly been discovered that the public printer has no right under the law to print more than 1 000 copies of the report of the bureau. This is of course absurd and its untruthfulness is proved by the fact that the burnan also refuses to allow a copy of the report to be examined in the office of its chief The simple truth is that the figures hit the Democratic policy and party hard, and they are being suppressed except is a distorted condition in the hoje of avoiding adverse criticism

' The general idea of the proposed sy. tem of street car mall service, which it is hoped shortly to introduce in New York city said Postmaster Charles W mayton, 'la to supersede the horse and wagon service, which is antiquated and unsatisfactory and to relieve the pres here of work at beadquarters The nexpentions now pending between the Post-office Department and the Broad way and Third avenue street car lines will, we hope, speedly result in the ouliding by those lines of special cars n which mails will be sorted and distributed all through the city at a very much quicker rate than is at present the case The postmaster said that the mail cars would have the right of way over all other vehicles, which right is now enjoyed by mail wagons, ambulances and fire engines. The chief drawback is that many important ferries could not be directly reached by the cars. In those special cases the horse and wagon service would still be maintained As soon as this system of street car mail service is working order, the people of New York will probably enjoy many more deerles a day than they now do

Kennehed Junrani. The work of the sixty-seventh Legisl ture has passed into history. It has been an exceedingly busy acasion, and we be lieve that the results of its labore will bear the closest scrutiny, that they have been achieved with an honest desire to serve the highest interests of the State, of and have, in the main, been character ized by wisdom and conservatism the only very large or extraordinary appro priation of the session was the one in ta-

RHLUMATISM CURPD.

Rheumatism is caused by lactic acid in the blood attacking the fibrous tissues of the points. Keep your blood pure and healthy and you will not have rheumatism. Hood's Sursaparilla gives the blood yitality and richness and tones the whole body, neutralizes the acidity of the blood and thus cures rheumatism.

Hood's Pills are the best after-dinner pills, assist digestion, cure headache. D

The Doctors Endorse it.

At a regular meeting of the Genesce county (N Y.) Medical Society, the physicians of the county passed a vote of thanks for a quantity of Gilmore's Aromatic Wine which had been presented to the society, and said that they recognized the remedy as being adapted to a large class of diseases. Physicians everywhere recommend this excellent medicine, especially to their lady patients. Solid by C. Sweet, West Market Square.

Maine National Guard Cal to A Philbrook, of Augusts, of the Second Regiment, Mane Number Guand, said to a Kennelic 7 / 4 re porter Wednesday

"You may say to your readers that the condition of affairs in the National Guard in this State was more in better shape the semi-monthly returns are very gratifying So far as the Second Regiment is concerned, I am free to say there is much enthusiasm among the men. The reports of ettendance at grills the past winter show a marked merease in attendance and in the work "o far as rifle practice is concerned, mest of the men have taken up this season near a a month earlier than usual. All the officers and men feel that as Gen Connor has been kept from his official duties by reason of a very painful and danger ous illness, it all the more devolves upon them to assist in keeping up the efficiency of the guard

"Furthermore, you can truthfully say that a better class of young men have never heretofore, as a rule, been taken into the National Guard Many of them are sons of veterans and high achool graduates, intelligent and enthusiastic While I have been talking more espec ially of the conditions existing in the 2d Regiment, 1 know, from conversation with Col.
